

The New Age of Sound

ayon

Spirit II

Ayon is pleased to introduce the all new Spirit II, a substantial advancement of our already highly regarded "Spirit" model offering.

The Spirit II is not a simple update, it is a new re-design featuring new circuit boards, tube protection board, add features like Pre Out or Direct Input for pure power amp operation and new pre-driver tube devices.

The Spirit II is a "superb value" and powerful pentode-triode vacuum tube stereo integrated amplifier. It's fast, airy, dynamic, punchy and controlled bass, clear and holographic soundstage is already a standard in this amplifier.

Single-Ended Triode Amplification

Ayon's state-of-the art triode vacuum tube amplifiers provide music lovers worldwide with an authentic listening experience in their home environments.

They offer abundant power resources unavailable from conventional designs while fully maintaining and expanding the traditional qualities of the single ended topology.

Research and development of our triode amplifiers is conducted by a team of renowned experts at our high end manufacturing facility in Austria.

Absolute tonal neutrality, outstanding dynamics and a so far unknown level of resolution are trademarks of our amplifiers, complemented by an explosively fast and uncoloured bass and high power triode performance.

Their sound staging and ambient retrieval equals the finesse of the legendary low power triode designs while leaving behind their disadvantages of high distortion, coloration and limited dynamic reserves.

Advanced zero feedback class A circuitry and cutting edge output transformer design make Ayon triode amplifiers recreate music with irresistible magic and authenticity.

Specifications:

Class of Operation	Triode or Pentode mode
Tube Complement	4x KT88, 4x 12AU7
Load Impedance	4 & 8 Ohms
Bandwidth	15Hz-60kHz
Output Power / Pentode mode	2 x 55 Watt
Output Power / Triode m.	2 x 35 Watt
Peak Output Power / Pentode m.	2 x 75 Watt
Nominal voltage gain	40dB
Frequency Response	27 Hz – 42 kHz/ +/- 0.5 dB
Input sensitivity for full power	1V
Input Impedance at 1 kHz	100K Ohm
S/N ratio at full power	80 dB
Hum	0.003 V
NFB	0dB
Volume Control	Potentiometer
Remote Control	Yes
Inputs & Output	4x Line, 1 x Direct In , 1xPre out
Dimensions (WxDxH) cm	46x34x26 cm
Weight	29,5 kg
Shipping weight	36 kg

Finish: black
